

AY-HA-302SH

Smart socket

Specifications

Smart socket technical parameters	
rated power	2000W
Operating Voltage	AC 100V-250V
Rated current	10A
Radio frequency	868.4MHz FSK
The output voltage	AC 110V-240V
Wireless transmission distance	Empty 100 meters
Static power	<0.8W
Working temperature	-20~70°C
Working environment humidity	Maximum 95% RH (no condensation)
